CUSTOM AWNINGS & PIT ACCESSORIES

Built by Racers for Racers!

Since 1983, DMP has provided high-quality, American-made products to the motorsports industry.

But long before DMP became a preferred partner of race teams worldwide, they have been racers. As a result, DMP possesses a practical knowledge of the pit area support needs of race teams.

An accomplished bracket racer and now Top Alcohol Dragster competitor, Dean Dubbin, founder and President of DMP Awnings, understands a racer's never ending pursuit of top quality products at affordable prices. Dean and his team also understand that products must be manufactured to each customer's exact specification, from select materials and built to survive the rigors of the racetrack.

Rest assured that every awning, car cover and trailer/shop accessory is held to the highest quality standard. DMP continually innovates products to help racers be as prepared for competition as possible.

If you have any questions about DMP products or would like to place an order, contact DMP at 320-584-8013 or log on to www.DMPAwnings.com.

DMP awnings are used by racers and manufacturers worldwide. Our easy ordering, easy installation and reliability make us the preferred choice in the industry. Whether it's standard race car trailer, display trailer or hospitality area, DMP can make your vision a reality.

DMP's Standard Awnings Feature...

- Quick Connects/Disconnects
NOT AN UPGRADE! Complete framework assembles from the ground with only one person!
- In-house CNC machining
- Custom made for your application for a perfect fit
- All A-frames are made with larger 1.5" x 2" x .125" aluminum
- Billet brackets and plates (clear anodized)
- Stainless steel mounting hardware
- One-piece zipper included (Not an Upgrade)
- Fabric storage bag (Not an Upgrade)
- Free-standing awnings 12ft -14ft with No Legs. Wider awnings or awnings with support legs available.
- Many colors & fabrics to choose from

Upgrades/Options...

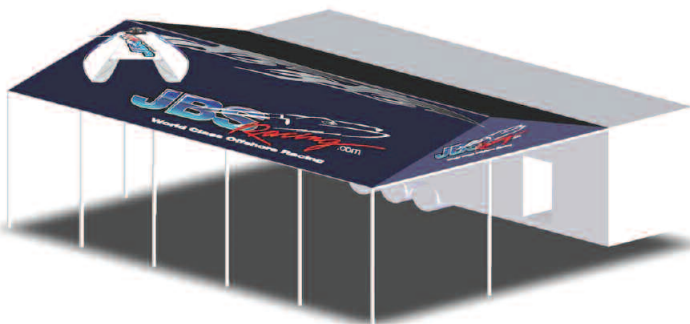

- Custom sublimation printing... customize your awning with your race team or sponsor's logo.
- Internal air plumbed into framework
- Internal electric plumbed into framework...ideal for fans and additional pit area lighting

Don't see it here? Since DMP is a custom builder, additional options can be manufactured to meet your specific need. Call us for details or to get a quote.

DMP Can Help Showcase Your Race Team or Sponsor...

With our design, printing and manufacturing capabilities, DMP can help your race team maximize exposure to sponsors. Our custom printing capabilities are ideal for additional sponsorship exposure, manufacturer displays or hospitality tent where a custom image is needed. Our dye sublimation printing is UV resistant so your design will have minimal fade and will look great for years to come!

From Concept to Completion!

Construction & Installation of Awning...

Many people get overwhelmed with the concept of installing the brackets and the work that goes into using the awning from race to race. Installing awning brackets is pretty simple. It takes just a few hand tools and a few hours to install the awning brackets and zipper rail. Once installed, most awnings are able to be put up and taken down in about 30 minutes.

DMP awnings come standard with quick connect/disconnect ends that allow the entire framework to be installed from the ground. In fact, many of our customers install the entire awning without having to climb on the roof of the trailer. It's just five easy steps!

3

Install awning cover and connect to zipper flap. Cover installation can be performed using ladders from the ground or from the roof of the trailer.

1

Lay-out framework and use quick connect ends to affix to trailer and supplied pins to connect A-frames.

4

Connect additional anchor zipper mounts to A-frame poles.

2

Install zipper flap along zipper rail. Many teams choose to permanently affix the flap to the trailer to save additional install time.

5

Attach anchor straps, tighten down and the installation process is complete in about 30 minutes!

Trailer/Shop Accessories

DMP Can Help Outfit Your Trailer and Your Shop!

DMP offers a comprehensive line of aluminum products to outfit your pit area and your shop.

Our high-quality aluminum cabinets, work stations, benches and other racer-friendly products are lightweight, durable and can be custom built to your specifications.

Call us today to see how we can help with your trailer & shop accessories needs.

Custom-Made Covers

Protect Your Investment!

DMP covers your race car/equipment with the finest water proof, 100% woven nylon with vinyl backing that will not scratch your finish. The 10 oz. per square yard fabric has been field tested for outdoor durability.

DMP's covers are guaranteed, for workmanship and quality, under normal usage. There are several colors to choose from. Or, if you would like, you could personalize your cover with embroidery. We would be glad to help you with your cover needs.

6 Colors to Choose

Covers available for...

- Dragsters
- Funny Cars
- Altereds
- Doorcars
- Jr. Dragsters
- Tool Boxes/Pit Equipment
- Golf Carts & More!

Custom Embroidery also available! Call for details.

Brad Penn Racing Oil

DMP carries a full stock of several grades of Brad Penn Oil. Our pricing is competitive and most orders placed are shipped same day or can be delivered to select NHRA races. Call for pricing and availability.

BRAD PENN® brand products are truly "MADE IN THE U.S.A." American Refining Group's Bradford, PA refinery is the home of "The Green Oil®" that racers, engine builders and enthusiasts alike have all come to know and love! The unique green color and outstanding performance of our Penn Grade 1 High Performance Oils set them apart from the competition.

Order Information

DMP offers three convenient ways to order products.

1. Phone: Call 320-584-8013. Have your order info, including specs, part numbers, etc, as well as payment info ready to take advantage of the best turnaround in the industry.
2. Fax: Fax orders to 320-584-8013. Please include your complete order info and credit card info, including account number, expiration date, security code (last 3 digits on signature panel), billing address and name of cardholder.
3. E-Mail: E-mail orders to info@DMPawnings.com. **DO NOT INCLUDE CREDIT CARD INFO IN YOUR E-MAIL.** Upon receipt of your order, a DMP representative will contact you for payment info.

All orders are prepaid with a credit card unless other arrangements have been made with an authorized DMP representative.
